

## **More Than a Map: How Government Agencies are Collaborating on Geographic Information For Better Public Services**

June 19, 2008  
Hyatt Regency  
Sacramento, CA

**Keynote Speaker – Cy Smith**  
Statewide GIS Coordinator, State of Oregon

Cy Smith is the Oregon Statewide GIS Coordinator and a member of the Oregon Geographic Information Council. He is the President of the National States Geographic Information Council (NSGIC). He is on the Urban Regional Information Systems Association (URISA) Board of Directors. He was a NSGIC participant in the Federal Geographic Data Committee's Future Directions initiative in 2005. He represented URISA in the original FGDC Framework Working Group in 1994. He served on the GIS Certification Institute Board of Directors for two years. He has worked in the geographic information field for 22 years. Cy was the GIS Manager for the City of Olathe, KS, 1995-2000; the KS State GIS Coordinator, 1992-1995; a GIS consultant for PlanGraphics, Inc., 1988-1992; a Regional Cartographer for the KS Department of Revenue, 1986-1988; and the Chief Cartographer for Clay County, MO, 1983-1986. He co-authored the IAAO/URISA GIS Guidelines for Assessors in 1992. He co-founded the Kansas Association of Mappers, a professional land information association that held their 22<sup>nd</sup> annual conference last year. He served as the Program Chair in 1998 and Symposium Chair in 2000 for the MidAmerica GIS Symposium. He was the President of the Oregon Chapter of URISA in 2002.
